

Jacksonville Daily Journal.

JACKSONVILLE, ILLINOIS, FRIDAY MORNING, MARCH 9, 1906.

STATEHOOD BILL DEBATE

TIME OF SENATE DEVOTED TO THAT ORDER.

Indian Appropriation Bill Passed by House—Trouble Trying to Secure Quorum—Other Washington Items.

Washington, March 8.—To day afforded the last opportunity for general debate in the senate on the statehood bill and the entire time of the session was devoted to that order of business. The whole time was occupied by three senators, Beveridge supporting the bill and McCumber and Patterson opposing. The Indiana senator contended that while Arizona and New Mexico were not prepared for separate statehood it was unjust to keep them out of the union as one state. He took positive ground against the Foraker amendment which allows each territory to vote separately on the question of statehood. McCumber opposed the joining of even Oklahoma and the Indian Territory and Patterson held that Arizona and New Mexico should be admitted as separate states.

Under the agreement arrived at a week ago, the senate will begin voting on the amendments at 3 p. m. to-morrow, and the final vote will be taken before adjournment for the day. The time previous to 4 o'clock will be devoted to ten minute speeches on the bill and amendments.

HOUSE.

The house to day passed the Indian appropriation bill, carrying \$7,385,632. It then proceeded to take itself up over the bill to abolish the grade of lieutenant general in the army. There was an adjournment for lack of a quorum, and the members had been locked in the hall for half an hour, and the assistant sergeant at arms had been scurrying to the various hotels in search of absent members. The vote to consider the bill showed an overwhelming sentiment in its favor and as it is the pending business under the call of the committee, it will possibly be reached and passed in due course. There were only a few verbal and minor amendments made to the Indian bill. Crumpacker acted as censor on the measure under the five minute rule, making many points of order to various paragraphs. In each case, however, he withdrew his objection after an explanation had been made.

POSTOFFICE APPROPRIATION BILL. The appropriation bill carrying \$191,338,818 for the postal service was finally agreed upon to day by the house committee on postoffice and postroads and will be reported to the house in about ten days. The bill is practically as it came from the sub-committee, which drew it. Two important law provisions are carried in the measure, one forbidding government departments from franking anything through the mails which an individual cannot mail at regular postage rates, and the other prevents committees, organizations or associations of citizens from enjoying franking privileges.

Members of the committee believe a great saving will result to the government in reducing the mails from furniture, heavy repairs and supplies of a nature which departments have been permitted to frank, but which an individual could not send by mail. These provisions will materially reduce the weight of mail at weighing periods and consequently the weights upon which the remuneration of railroads is estimated will be lessened.

Last year's appropriation for the post-office department was \$181,022,003. It is estimated that the amount of mail increases 10 per cent annually and the increase in the appropriation agreed on is regarded by the committee as being as small as can satisfactorily meet growth of the mails.

JUDICIAL APPROPRIATION BILL. The house committee on appropriations agreed to day to report the legislative, executive and judicial appropriation bill carrying appropriations aggregating \$28,131,381, as against \$29,822,560 for 1905. The amount agreed on is a reduction of \$1,750,000 from the estimates submitted to the committee by the various departments. Salaries are carried in the bill for sixty-five less persons than were provided for in the last bill and the number of salaries contemplated in the estimates was reduced \$200 by the committee. Many limitations on the appropriations are stipulated. The most radical of these is designed to relieve department payrolls of high salaries aged clerks. It provides that no clerk over 65 years old is to receive more than \$1,400 a year; no clerk over 68 more than \$1,200; no clerk over 70 more than \$840. After June 15, 1915, no person in the classified service more than 70 years of age is to be retained in any department.

ARBOR AND BIRD DAY. April 20 Date Set by Governor—Other News From State Capital. Springfield, March 8.—Governor Deenen to day issued a proclamation designating Friday, April 20, as Arbor and Bird day throughout Illinois.

The Illinois state highway commission to day appointed Prof. Ira C. Baker of the University of Illinois, consulting engineer to Prof. Albert Johnston, chief engineer of the board.

Justices of the peace and constables of Illinois to day organized a state association. The following officers were elected: President, Robert E. Connelly, Springfield; vice president, W. E. Haudel, Taylorville; recording secretary, E. L. Adams, Taylorville; treasurer, William E. Robert, of Alton.

FOUND GUILTY.

Jefferson City, Mo., March 8.—A verdict of first degree murder was returned this morning by the jury in the cases of Vaughan, Ryan and Raymond, the convicts charged with killing Gateman Clay at the Missouri penitentiary. Counsel for defendants immediately filed a motion for a new trial and Judge Martin said he would take it up Saturday morning. It is expected that the motion will be denied and the men sentenced on that day.

This was the second trial of the trio, the first trial resulting in a hung jury. The murder of Gateman Clay occurred Nov. 21, last, during an attempt to escape from prison.

COLLISION ON BURLINGTON.

Burlington, Iowa, March 8.—Four men were hurt, one fatally, when a section of a fast stock train on the Chicago, Burlington & Quincy railroad, Chicago bound, crashed into another section of the same train near here early to day. The injured: A. Heaton of Iowa, Iowa, stockman, hurt internally, will die; Ned Stuckman, Napanee, Ind., head cut and back crushed; R. Matthews, Keithsburg, Ill., arm crushed; William Heckman, brake-man, Burlington, Iowa, head crushed.

The first section of train No. 70 broke in two on a steep grade and crashed into the forward section. The wrecked cars were piled forty feet high and caught fire, cremating many hogs and cattle. The loss is estimated at \$100,000.

FRENCH CABINET

Various Statesmen Refuse to Undertake Task—Reaction in Favor of Rouvier.

Paris, March 8.—President Falliere's efforts to induce one or the other of several statesmen with whom he conferred to day to undertake the task of forming a cabinet have not yet borne results. It is understood that M. Poincarre will be called to Elysee to-morrow, and indications are that the cabinet under his leadership will be acceptable to the advanced Republican groups.

A strong reaction has set in in favor of Rouvier. Newspapers severely criticize the action of the deputies in defeating him when he was performing a patriotic duty which promised to produce the most notable diplomatic success of recent years. It has now become quite evident that France will not waver in her policy in the conference at Algiers. Rouvier's only instructions are those given before the ministry's fall—to stand firm—and these cannot be modified until the formation of a new ministry. Rouvier appears to think a Franco-German agreement is in sight.

BODY FOUND IN CEMETERY.

Shreveport, La., March 8.—The dead body of Mrs. John Nagle, aged 35 years, of Kansas City, Kan., who arrived here last Tuesday night enroute to Leocombe, La., to join her husband, was found in Greenwood cemetery this morning; her face badly bruised and a rope around her neck. Charles Serlich, an Austrian, is being held as a suspect and others are supposed to have been connected with the murder. The woman was neither robbed nor mistreated, and no motive can be assigned for the crime.

MISSIONARIES PROTECTED.

Shanghai, March 8.—Protestant missionaries at Sulchow, province of Kiangsi, have been escorted to Kluksiang. Catholic missionaries at Sulchow refused to leave the place and the governor is sending another escort for them. The Chinese concerned in the recent rioting at Nanchang, province of Kiangsi, have confessed their guilt, but maintain they were justified in attacking the Catholics, as the latter had stabbed the magistrate.

TUBERCULOSIS CRUSADE. A crusade against the spread of tuberculosis among employees of the government service in Washington was to day directed by President Roosevelt, who issued an order to the heads of all departments, giving them explicit instructions as to their duties in combating the disease.

NORWAY MINISTERS. Christiania, March 8.—The appointment of ministers was announced to day as follows: Baron A. von Wedel-Jarlsberg, at Paris; J. C. W. Prebensen, at St. Petersburg; T. von Dittin, at Copenhagen; Benjamin Vogt, at Stockholm, and O. Gune, at Berlin.

TARTARS ATTACK COSSACKS. Tiflis, Trans-Caucasia, March 8.—Tartars of the village of Alilau to day fired upon a detachment of pressing Cossacks. The latter bombarded the village for three hours and dislodged the Tartars, killing several of them.

CONCILIATORY SPIRIT EVIDENT

WAY TO AN UNDERSTANDING OPENED

Hopes of Delegates to Moroccan Conference Run High—Difficulties May Soon be Subject to Arrangement.

Algiers, Spain, March 8.—The success of the conference on Moroccan reforms cannot be described as absolute here, since two of the main points in dispute, allotment of bank capital and control of the police, are not yet settled. Hopes, however, run high that these outstanding difficulties soon will become subject to arrangement. The French delegates showed an inclination to regard the way as open to an understanding, and other delegates consider that a great step forward was made to day when a strong spirit of conciliation became evident. One of the most prominent delegates, moreover, expressed the view that "matters have proceeded so far that neither side will dar break up the conference."

The delegates of neutral powers generally regard the Austrian police proposal as being not feasible, but consider that it will serve the purpose of providing a basis for negotiations for an eventual compromise.

The opinion gains ground that France will finally consent to a diminution of her financial influence in Morocco by accepting a reduction of the voting power allotted French subscribers to former loans, and in return for this concession it is thought the police will be placed under the direction of France and Spain with a neutral inspecting officer, who shall report to the powers, but no exercise command.

KEEP EACH OTHER POSTED.

Vienna, March 8.—The Neue Freie Presse states that Germany has sent an official to Vienna for the purpose of keeping Austria in formed as to the instructions which Germany is transmitting to its representatives at Algiers, as a result of the interchange of views there, and that Austria has sent corresponding instructions to its delegates to the conference.

LUMBER DEALERS. Milwaukee, March 8.—The Wisconsin Retail Lumber Dealers' association to day passed resolutions favoring the removal of the import duty on Canadian lumber and requesting congress to take action to this end. The resolution was followed by a general discussion, in which it was brought out that American lumbermen had found that the time had arrived when the importation of Canadian lumber free of duty was desired as a result of the greatly reduced supplies of good lumber in the United States, particularly in the northwest.

CAR STAKE TROUBLE

Controversy Between Lumber Dealers and Railroads—Shippers Imposed On.

Washington, March 8.—Considerable attention was given during to day's session of the lumber dealers to the controversy between the association and the railroads growing out of the latter's requirement that shippers furnish stakes for flat cars when loaded to hold lumber in place, and also that freight must be paid on these stakes. The shippers hold that this freight charge is an injustice and they claim that 400,000,000 feet of lumber valued at \$6,000,000 is used yearly for these stakes. The matter has been brought to the attention of the interstate-commerce commission, but action by that body has been withheld pending conferences between the conflicting interests. Robert W. Higbie, of New York, chairman of the executive committee having the car stake equipment matter in charge, submitted a report showing the present status of the controversy. Arrangements have been made for a conference here to-morrow between shippers and railroad representatives with a view to reaching an adjustment of their differences.

Walker W. Ross, general counsel of the car stake equipment committee, declared the present instance was an ideal example of the necessity of railway rate legislation. In the case of the lumbermen, he said, their organization had placed them in a position to gain their point in the existing abuse and that but for the organization the abuse would have gone on indefinitely. All the present officers were reelected.

CORONER'S JURY

Finds Tenny was Killed by Blows in Glove Contest.

San Francisco, March 8.—The coroner's jury at the inquest over the remains of Harry Tennybaum, or "Tenny," who died after the glove contest with Frankie Nell, rendered the following verdict: "We find that death was caused by

blows inflicted in a boxing contest held at the Mechanic's pavilion Feb. 28, 1906, by Frankie Nell, and further that there was gross negligence on the part of the parties having charge of the contest for not having the contestants examined by a registered physician prior to the exhibition, according to law, and we hereby find said parties responsible for the death of said Harry Tennybaum."

TELEGRAPH BRIEVITIES.

Chicago.—John W. Burke of Springfield, Ohio, has been elected president of the Millers' national federation.

Evansville, Ind.—Judge Louis O. Rasch annulled the wedding of William and Edith Sitsworth. The wife alleged that Sitsworth married her while she was insane, to get her money.

Vandalia, Ill.—Charles Capes, charged with forging checks, was brought here from Independence, Kan. Stendal, Ind.—Miss Clara Sullivan, aged 15, was burned to death. Her clothing caught fire from a burning brush heap.

Norris City, O.—Edward Colard, aged 23, living near this city, committed suicide by shooting himself.

Jefferson City, Mo.—Governor Folk honored a regulation issued for Ben F. Picklin at Adrian, charged with assault at Springfield, Ill.

Campbell, Ill.—President Peter Stoffel of the board of education was stricken with paralysis and is in a critical condition.

WAR ON CHILD LABOR

Convention of National Consumers' League in Session at Boston.

Boston, March 8.—The seventh annual convention of the National Consumers' league is being held here this week, the first session having been Tuesday night. The league has taken up two lines of work this year and very successfully performed both, the food adulteration and the child labor problems having progressed toward solution. The food adulteration menace is, however, purely physical and must in a way be secondary to the wide-reaching problem of child labor.

There is, first, the health and the mental development of the child to be considered, and then the economic effect of the employing of child labor. States which have child-labor laws may not hope to compete successfully with those that have not, for it is well known that the advance in the line of machinery makes it impossible in many instances for a child to do the work of a man and at a corresponding scale of wages. Women who have studied the problem have, as a general thing, given thought only to that phase of the problem involving the mental and moral loss to the child. The manufacturers of the south, who have defied every effort of the women of the south to have child-labor laws passed, know that with the loss of cheap child labor they lessen their ability to contend with the manufacturers of other states. That is the reason it is so hard to have the laws enforced in the states that have them. The National Consumers' league has undertaken to stimulate public sentiment in favor of better-paid labor and to keep the children from the mills and factories until they are old enough to bear the physical strain of the confinement and have had some chance for an education. Labor unions oppose child labor from economic as well as humanitarian convictions.

ANSWERS FILED.

Boise, Idaho, March 8.—Charles Moyer, William D. Haywood and George E. Pettibone have filed their answers in the supreme court to the return made by Warden Whitney of the penitentiary in the habeas corpus proceedings. They are practically identical. Moyer elates places he has been in the past four years and gives several dates to show that he was not in Idaho during this time, except while passing through on a train and that he was not in Caldwell at the time of the assassination of former Governor Steunenberg. The statement charges officials of Colorado and Idaho with conspiracy to remove Moyer from Colorado in violation of his constitutional rights, and alleges he was secretly removed from Colorado and was prevented from suing out a writ of habeas corpus and denied the opportunity of testing the legality of the extradition. The habeas corpus case will be argued before the supreme court to-morrow.

INDIANA TRAGEDY.

Brownsville, Ind., March 8.—While a party was in progress at the home of George Watson here to night, Sam Watson, a nephew, 25 years old, walked into the room and leveled a revolver at Mrs. Alice McNally, 23 years old, and fired. The bullet struck her in the neck and she is believed to be fatally wounded. Watson was a marks and fled immediately after the shooting and has not yet been arrested. There is no known motive for the shooting.

London, March 8.—The correspondent of the Tribune at Peking says that Yuan Shi Kai, commander in chief of the Imperial Chinese forces, yesterday forwarded eighteen mountain guns from Tientsin to Shantung, 150 miles south of Peking, province of Chi Li.

ATTENTION OF SENATORS

ABSORBED BY RAILROAD RATE BILL.

Question of Judicial Review the Rival Issue Between Opposing Factions—Many Senators Convinced by Various Plans.

Washington, March 8.—Regardless of the fact that the statehood bill was the only question discussed in the senate to day, the house railroad rate bill continued as an absorbing topic and groups of senators met in earnest, but informal consideration of the many propositions that have been suggested in the way of amendment. Without doubt no bill has been before congress in years that has been given so much attention, when the issue between the opposing factions has been one that could be settled through the use of so few words. The question is the choice of the words.

Judicial review of orders of the interstate-commerce commission has been the first of the only real issue between the opposing factions. One faction that is supporting the bill in its present form declares it has no objection to the railroads having their day in court, and it has made the assertion that this is provided by the present bill. The other faction contends it wants the same thing, but that the bill should provide for this in specific terms.

There are other factions which have amendments, such as the Spooner plan of impounding the difference between the commission's and the railroad's rate pending the determination of the equity of the former; and senators advocating the Bailey proposition declaring for a full review by the courts, but limiting the power of the circuit courts to enjoin the orders of the commission.

There are many senators who admit frankly that they are not experts on railroad rates and have been confused by the various plans submitted. These senators say they will have to await debate on the bill before they can feel certain of their position. On this account an accurate poll of the senate cannot be made. The supporters of the judicial review amendment have been more sanguine in their expressions concerning the situation since the speech made by Senator Bailey yesterday. On the other hand, the friends of the house bill seem to have been encouraged by the same speech.

Several senators will answer Bailey's speech. Among these is Nelson. He takes the position that Bailey has brought forward a plan that is not in harmony with the constitution.

KILLED BY AUTO

Prominent Italian Woman Meets Frightful Death.

Rome, March 8.—The marchioness of Corsini, formerly Princess Barberini, was killed this evening by the overturning of an automobile in which she was riding with her husband, who is King Victor Emmanuel's master of horse. The marchioness, who was 63 years of age, was driving the automobile, her husband, aged 60 years, sitting beside her. While crossing a bridge in the suburbs, seeing a cart approaching, the marchioness essayed to turn out to give the cart a safe roadway, but ran the automobile into a parapet of the bridge with such violence that the parapet gave way and the automobile was thrown from the bridge into the ditch fifteen feet below, turning completely over as it fell. The marchioness and the chauffeur escaped injury, but the marchioness was crushed to death.

EDITOR KILLED.

Shreveport, La., March 8.—L. Stuckey, editor of the People's Demands, was shot and killed at Colfax, La., this morning by A. M. Goodwin, editor of the Colfax Chronicle, on the depot platform. The cause of the tragedy was the publication of an article by Stuckey reflecting on the character of Goodwin.

CANAL HEARING

Former Member of Commission Questioned by Committee—Favors Contract Plan for Building.

Washington, March 8.—The examination of Prof. William H. Burr of New York, formerly a member of the isthmian canal commission and member of the board of consulting engineers appointed by President Roosevelt to report upon the most feasible type of canal across the isthmus of Panama, occupied all of the day before the senate committee on oceanic canals and will be continued to-morrow. The examination for the day closed with testimony favoring the contract plan for constructing the waterway. It was suggested by Senator Morgan

that congress, doubtless, would have to pass upon the question of having the canal built by contractors, and he asked the witness to give his views upon that subject.

"I think it will be best for the government, as a whole, if contractors do the work," said Burr. He added that the work was being constructed on the sea level or with locks. He expressed the opinion, however, that the government should proceed with the work for enough to determine fairly what would be a reasonable price to pay for the work. "If you should let a contract on the basis of the full fixed by the consulting board for either type of canal," said Burr, "you would get many bidders. In fact, I think I should like to get a piece of it myself." He took the view that the unit fixed by the consulting board was too high and the canal would not cost as much as estimated for either type.

ZION INDUSTRIES IN NEED.

Chicago, March 8.—Picturing a gloomy financial situation and recognizing a crisis, Overseer Voliva called upon the residents of Zion City last night for over \$250,000 to save the community from the money lenders, and thus relieve the present pressure and put the industries on a paying basis. As security he promised the people first mortgages on the lace factory and the printing house. He called upon ministers to give up their salaries, he asked clerics and laborers to work for \$3.25 a week, and upbraided the followers of Mr. Dowd for wearing jewelry and gaudy clothes.

CONDITIONS GOOD

General Corbin Reports Affairs in the Philippines Satisfactory.

San Francisco, March 8.—In an interview General Corbin, who has just arrived, said that conditions in the Philippines were never so good as at present. All departments of the government were now working in harmony. The visit of Secretary Taft had done great good and he stood against immediate independence met with the approval of the Filipinos, who are satisfied with their present condition. The talk of possible transfer of the islands to Japan was without foundation. The general said that undue importance had been given to the sending of reinforcements to Manila. It was necessary, however, to keep troops in readiness for service. He declared the reported troubles in China had been greatly magnified and no cause for serious trouble with that country could be seen.

HUMAN FLESH FOR PORK.

Buenos Ayres, Brazil, March 8.—A Portuguese meat dealer, Jose Modry, has been arrested charged with murdering men and women and then selling their flesh as pork. He did a flourishing business until he fell into the hands of the law. The police found the remains of four men in his shop. When the police learned they had been eating human flesh instead of pork, they tried to storm the jail, but the police prevented the mad, dazed people from wreaking vengeance.

LIFE INSURANCE HEARING.

Albany, N. Y., March 8.—Representatives of life insurance interests throughout the United States are assembling in this city to night to participate to-morrow in the hearing to be given before the special legislative insurance investigating committee on measures proposed to perfect the state insurance law, to correct evils in company management discovered in the recent inquiry and to better protect policy holders.

ELECTION OF SENATORS.

Columbus, Ohio, March 8.—The senate this afternoon adopted a joint resolution requesting congress to call a convention of various states for the purpose of submitting an amendment to the federal constitution providing for the election of United States senators by direct vote of the people.

SUNDAY THEATER A NECESSITY.

Terre Haute, Ind., March 8.—A jury of business men to day acquitted the manager of the Lyric vaudeville theater for giving a performance on Sunday. The performance was admitted, but the defense contended that the theatrical vocation came within the limit of being considered a necessity.

CONFERENCE WITH PRESIDENT.

Washington, March 8.—H. H. Rogers and John D. Archibald of New York, vice president of the Standard Oil company, were in conference with President Roosevelt at the white house to night. Neither would discuss the nature of their call.

ATHLETIC CLUBS EXONERATED.

Chicago, March 8.—The Milwaukee Athletic club, and the Chicago Athletic association, which were charged with paying amateur boxers for their services during the recent tournaments held by both organizations, were exonerated to day by the registration committee of the central association of Amateur Athletic unions.

PARLIAMENT OPENED.

Ottawa, Ont., March 8.—Parliament was opened to day by Lord Gray

VERDICT OF NOT GUILTY

STATE SENATOR GREEN ACQUITTED BY JURY

Charged With Committing Offense Against United States—Verdict Was Popular in the Court Room.

Washington, March 8.—George B. Green, former state senator of New York, who has been on trial in the district court for more than two weeks on charges of conspiracy to commit an offense against the United States and to defraud the government in connection with the sale of time recording clocks to the postoffice department, was to day acquitted by a jury. The announcement of the verdict, which was returned in court shortly before 4 o'clock this afternoon, was followed by a remarkable demonstration. People in the court room jumped to their feet and rushed toward the table at which the acquitted man was sitting and for several minutes he was kept busy shaking hands. Even members of the jury shook his hands.

Green was plainly moved by the demonstration. His first act was to telephone his wife, giving her the news. He also sent a telegram to a little girl in Behr, Maryland, N. Y., who had written him that she had prayed for him, telling her that her prayers had been answered.

The verdict was reached after four hours' deliberation. It is stated that five ballots were taken, and that upon the first four the jury stood for acquittal, right, but the other three received some explanation with reference to some phases of the case before reaching their conclusion.

NBW BRITISH BLUE BOOK.

London, March 8.—As the outcome of a suggestion by Joseph Chamberlain when he held the post of colonial secretary, a unique blue book was published, recording and tabulating in 300 pages forty years of growth of the British empire, as revealed by the census of 1901. This little book shows that since 1861 the area of the empire has increased from 5,500,000 to nearly 12,000,000 square miles, and the population from 250,000,000 to 100,000,000; of which only 51,000,000 are "white" and 49,000,000 "Christians."

FOR IMPROVEMENTS.

Minneapolis, Minn., March 8.—The "Roo" railroad has decided to expend more than \$5,000,000 for improvements and equipment this year. The first great improvement and one which has been the subject of considerable speculation, will be the building of 140 miles of new railroad in North Dakota. The company has ordered forty-seven new locomotives, 1,500 box cars, fifty refrigerator cars and fifteen passenger vehicles of the latest type.

STOPPED BY ROBBERIES.

Warsaw, Russian Poland, March 8.—Owing to continued robberies of postoffices, the central government has ordered suspension until further notice of the transportation of money orders in Poland. The authorities have set sentences over the several lists which the terrorists have threatened to destroy. Two detectives thus detained were killed to day.

LARCENY AND FORGERY

Officials of Mutual Reserve Life Insurance Company Indicted

New York, March 8.—Indictments charging grand larceny in the first degree and forgery in the third degree by Frederick A. Burnham, president; George G. Eldridge, first vice president, and George Burnham, Jr., second vice president of the Mutual Reserve Life Insurance company, were found to day by the grand jury. In all five indictments were returned against each officer, two for grand larceny and three for forgery. The alleged larceny and forgery was brought about, according to the indictments, by payments of \$2,000 of the company's money to law firms, the apparent purpose of which is alleged to have been to settle claims against the company, while the real object is alleged to have been to settle actions which had been brought against officers of the company as individuals.

The indictments on which the charge of larceny is based alleged the officers embezzled two sums, one of \$7,500 and the other of \$1,500 on Oct. 21, 1901. The three officers gave bail in the sum of \$12,000 each and will plead next Thursday.

MISS ANTHONY'S CONDITION.

Rochester, N. Y., March 8.—Miss Susan B. Anthony is resting comfortably to night, but is extremely weak. This weakness is the only unfavorable symptom about her condition that causes her friends anxiety.

MINERS KILLED.

Vienna, March 8.—By the collapse of a gallery staging in Eska mine at Raib district of Travia, to day, forty miners and one engineer were killed.

A FRAGRANT BATH for Pearly Teeth

Every time you clean your teeth with Antiseptic Tooth Wash you give them a bath in the fountain of tooth youth. Our Antiseptic Tooth Wash preserves the life of your teeth because it is made of those cleansing, hygienic materials that are recognized as the best for the teeth.

Our Antiseptic Tooth Wash is healthful for the gums. It hardens and makes them cling closely to the teeth. This prevents particles of food becoming lodged between the gums and the teeth where it ferments and attacks the enamel of the tooth.

ANOTHER BIG TABERNAOLE

Meeting—Sermon by Rev. O. B. Culpepper—Stirring Appeal Made in Name of Righteousness.

The great tabernacle was filled again last night and although the rain fell heavily during nearly all the service, the deep religious interest within was not disturbed. The size of Jacksonville congregations is usually affected by the weather but not so last night and the meeting was one of the best of the series thus far. Rev. O. B. Culpepper was the speaker and his theme was "Prodigals." The younger Culpepper has special power and influence with the young and many hearts were stirred last night by his words. The preacher spoke of prodigal young men and women and urged his hearers especially for the sake of their mothers and fathers to turn from ways of wickedness and become followers of Jesus Christ. The plea for right living was driven home by many apt illustrations and stories and scores of auditors were moved.

During the after meeting the evangelist and workers were active and when the invitation was extended a goodly number went forward to express their desire to live right with God. As young Mr. Culpepper passes around in the outskirts of the tabernacle he addresses himself particularly to young men and his plea is very reasonable. He says "Fellows, get

all the good you can out of the meetings. If you do not agree with us in everything, agree with us as far as you can. If you do not like all we say, just pass that part you object to and take the rest. We just want to do you all the good we can."

MEGAPHONE ATTACHMENTS.

Megaphone attachments have been placed in the tabernacle by the Central Union Telephone company for the accommodation of patrons who are unable either through sickness or other disability to attend the meetings. The company requests that those who are able to go to the tabernacle not use the instruments as too great a number on the line may effect the efficiency of the service.

MRS. EDNE CHAFFEE NOBLE.

This talented lady who is to read this afternoon at Mrs. Dr. King's residence at 3:30, and Saturday evening at 8 at the Woman's college, is a person of rare accomplishments. Of her abilities Rev. Coleman Adams, of Chicago, says: "Mrs. Noble meets my ideal of an elocutionist. She has a thoroughly trained voice, a good method, and her power to entertain an audience is unquestionable."

ATTENDED SALE.

Among those in the city yesterday enroute to Arnold to attend the Arnold sale were: William Sinclair and Carl Chapin, of Ashland; John Flynn, of Prentiss; J. Carver, Tallula; Frank Virgin, Virginia; Edward Ray, Murrayville; Charles Worthington, Petersburg, and T. Shuff, of Berlin.

RAILROAD NEWS NOTES

Burlington Passenger Delayed
Wabash Officials Were Here—
New Depot for Havana—
Other Items of Interest.

When about two miles south of the city Thursday morning the engine drawing the Burlington passenger broke down, which put the train into the station an hour and five minutes late.

General Manager Miller, General Superintendent S. E. Cotter, Division Superintendent J. E. Stumpf, and Trainmaster L. W. Karnes, of the Wabash, passed through the city yesterday afternoon in the general manager's private car, St. Louis, attached to passenger train No. 9. It is thought that the officials are making an inspection of the road to ascertain where gravel is needed for filling.

The C. P. & St. L. is to give Havana a modern depot. Not only will this needed improvement be made but a number of other changes are scheduled which when made will give Havana a metropolitan air. Among the alterations planned are: The building occupied by John Kelly has been vacated and the restaurant will be abolished. Already the work of tearing it down has begun and one half will be sent to Bishop for use as a depot, and the other part to Andrews or Cora. The baggage room will also be torn down and the baggage handled in the main building.

The largest freight car in the world is being constructed in the St. Paul shops at Milwaukee. The largest freight cars in use at present are of 100,000 pounds capacity, and they are looked upon as monsters. The new car will have a capacity of 200,000 pounds. It is being built to transport a ninety-ton section of a base for a blast engine, which the Allis-Chalmers company is shipping to Bethlehem, Pa. The car is forty-one feet long, has four instead of two trucks, and sixteen instead of eight wheels.

With freight trains No. 94, 95, 70, 71, an extra west and passenger trains No. 22 and 9 the Wabash yards were completely blocked from the Alton crossing to Church street Thursday afternoon. One man standing on the platform at the passenger station asked a railroad man if the Wabash had any more trains on this division than the ones in the yards.

The Wabash has purchased 10,000 tons of standard section rails, to be used on lines east of Toledo, replacing light rails with heavy sections. The company has the purchase of about 1,000 freight cars and twenty-five locomotives under contemplation.

Freight officials of the Wabash were in Pittsburg this week and formed an organization for conducting the business of the company on a more extensive and economical scale. Several changes will be made in the personnel of the official staff of the organization.

A new pair of Fairbanks platform scales were placed in the Alton freight depot Thursday, an improvement much needed for some time.

A special was run on the Alton

Thursday from Roodhouse to Bloomington with Mr. Perdue, telegraph operator instructor and examiner, W. A. Freese, superintendent of telegraph, and C. P. Bemis, trainmaster. The purpose of the special was to examine all the operators and look after the block system.

The Wabash station at Neelys was entered one night recently by thieves who carried away several tickets and some money.

Lee Brown, who has been employed as night operator at the Wabash for some time, left Thursday for Griggsville, where he has taken a position.

A FORMER PASTOR.

Rev. C. W. Newton, former pastor of Bethel A. M. E. church of this city, recently wrote his friends, G. W. Cooper, of this place, a letter, of which the Journal is permitted to print a part:

Fitzgerald, Ga., Feb. 28, '06.
Dear Brother Cooper—Your letter came to day and you cannot tell how proud I was to hear from a dear, old friend. I have a neat little church and some nice members. One is a fine doctor and one an editor and both are members of the trustee and steward boards. The editor is also one of my class leaders and I have six classes. The bishop only asked me to take this place for a year, but if I continue to like it as at present I shall want to stay here three years more. You see I was in South America three years and was clear out of line and when I came back here I had to come in along the line wherever I could. I am going soon to begin putting in raised pews and I wish you were down here to give the walls a fine covering of paper. It is a new church and finished off nicely with yellow Georgia pine. I am going to put a furnace under it. I have ordered from Nashville the following singing books:
Gospel hymns 1 to 6 complete, 12.
Pentecostal hymns, 12.
Triumphant songs, 1, 2, 3, 4 and 5.
Revival numbers, 1, 2 and 3.
Finest of the wheat, 1 and 2.
For the Sunday school, Gospel hymns 1 to 6, large type, limp cloth, without music, 100.
Give my kindest regards to all the old friends, Bro. John W. Kirk, Mrs. Rountree, Bro. Jacob Davis, Bro. Jas. Young and his wife, and Hall, and Sug and Lulu Blue, Bro. Samuel Nichols, dear old Sister Williams and Martha and all the rest. Your true and devoted friend,
Charles Wm. Newton.

LITERBERRY.

Mrs. Anna C. Shively, the evangelist, who has been assisting Rev. J. A. Murray at Zion, will commence a series of union revival meetings at the Literberry Baptist church on Friday evening, March 9. The Baptist friends kindly offered their church and several others offered all the assistance needed. The people are very enthusiastic over her coming and a wonderful meeting is expected because of her past success in other fields. The people represented themselves by a large petition through Rev. Mr. Murray and J. F. Liter. After prayer and due consideration and persuasion she consented to come.

An additional attraction at the reading of Mrs. Noble at the Woman's college Saturday evening, will be musical numbers by Mrs. Stend and Miss Boyden.

Our March Carpet Sale Continues with Unabated Interest.

Ten Bars Lenox Soap, 25c

Four Cans 10c Corn 25c

Beds and Bedding Reduced 20 Per Cent.

In harmony with the general pricings during our great March sales, our entire line of beds, springs and mattresses is now being sold at a reduction of 20 per cent from our regular marked prices. The assortments recently have been augmented and comprehensive lines of the following are shown.

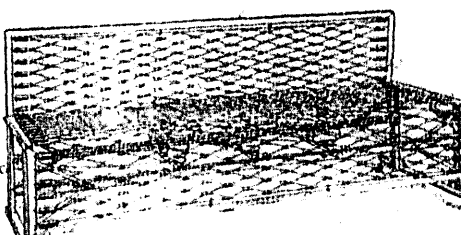

WOOD BEDS, IRON BEDS, FOLDING BEDS, REVERSIBLE, COTTON TOP and FELT MATTRESSES. Also a good assortment of SPRINGS in various styles.

COUCH.

BED.

DAVENPORT.

Sanitary Couches.

In point of convenience and hygienic qualities nothing in the couch line excels the Sanitary Couch.

We show them in two styles, that may be converted into any of the three shapes shown in the illustration. The sales on these couches at our regular prices have been very heavy, but at our March sale reductions of 20 per cent, our business should be doubled.

\$4.50 Couches reduced to \$3.60

\$6.50 Couches reduced to \$5.20

Our regular \$3.50 Pads, or Mattresses for these couches are now being sold at - - - \$2.80

In the drapery department on the second floor is shown a score of styles in handsome couch covers, priced in accordance with the "March sale" spirit.

Wall Paper. 2d floor

Over 200 new designs are shown in this section. Competent paper hangers are supplied if desired. You are urged to visit this department before buying wall coverings.

PHI NU SOCIETY.

Phi Nu society held their regular weekly meeting in the society hall March 6 and an interesting program was given by the members as follows: Devotional Exercises. Phi Nu Song. Paper—Vivian Life, F. Matthews. Essay—Rome of Yesterday and To day, Mabel McNaughton. "To Drive Dull Care Away"—Hilda Hegener. Music—Salut a Pesih (Kowalski) Louise Lark, Geneva Land. Talk—Italian Immigration, Essie Cazulet. Paper—The Influence of the Renaissance on Italian Art, Fay Ball. Discussion—Catholic Education a Menace to American Institutions: Affirmative, Jennie Barker; negative, Helen Lewis. Vocal Solo—If I Were a Rose, (Hessberg), Cuba Carter.

Next week the program will be given by old members of Phi Nu society and all old members are very cordially invited to attend. A. Postel, Pres. L. Woodward, Sec.

NOTICE TO SPECIAL TAX PAYERS. Notice is hereby given to special tax payers that the annual installment on all pavement and sewer assessments due Jan. 2, 1906, becomes delinquent if not paid before April 1st following, and according to law must be turned over to the sheriff of Morgan county for collection on April 1, 1906. Respectfully, W. M. Morrissey, Special Collector.

ATTENTION LADIES. Ladies who were unable to hear Prof. Becker, owing to the limited space which we have been able to give for this purpose, will have another opportunity to day. Johnson, Hackett & Guthrie.

ATTENTION MASONS. Special communication of Jacksonville lodge No. 570 this evening at 7:30. Work in the first degree. Visiting brethren are cordially invited. L. Frank, W. M. E. L. Kinney, Sec.

Keep the little ones healthy and happy. Their tender sensitive bodies require gentle, healing remedies. Hollister's Rocky Mountain Tea will keep them strong and well. 35 cents. Tea or Tablets. Armstrong's Drug Store.

WILLS FILED. The last will and testament of Elizabeth Montgomery has been filed for probate. The will decrees that the entire estate be converted into money and equally divided into eight portions and given severally to Richard Bartholomew, Robert J. Montgomery, Thomas C. Montgomery, Lizzie M. McComb, Celia Fink, James K. Montgomery, George K. Montgomery and Wilmetta Montgomery. Millard M. McComb is named as executor and the instrument bears date of Dec. 22, 1904. The witnesses were T. M. Foster and Mrs. D. N. Foster. The last will and testament of Huldah Davenport has been filed for probate. The will directs that all property of testatrix be given to children of decedent. The instrument bears date of Sept. 12, 1902, and the witnesses were C. Riggs Taylor and Mary F. Taylor. Mattie E. Davenport is named as executrix.

ATTENTION G. A. R. The regular meeting of Matt Starr Post, No. 378, G. A. R., will be held in the hall on West Morgan street over Henderson & Depew's printing office, this (Friday) evening, March 9, at 7:30 p. m. All members and visiting comrades are cordially invited to be present. Geo. W. Fox, Com. J. T. Anderson, Adj.

W. M. MORRISSEY.

OBITUARY.

Clinton Samuel Campbell died Sunday, Feb. 25, at his home in La Harpe, Ill., at the age of 67 years, after an illness of only a few days. The funeral was held the following Tuesday, and at the same time the funeral of his little grandson, Clinton Frank, son of Mr. and Mrs. Geo. Campbell, was held. Death was due to blood poisoning.

The deceased was born near Winchester, Scott county, Jan. 22, 1839. He was of Scotch descent. His father's name was Samuel F. Campbell, and his mother's maiden name was Nancy Turner Moore. They were married in Kentucky on the 11th day of March, 1834, and immediately started for Illinois. They settled in Morgan county and began to clear away the timber for their farm. They became the parents of thirteen children, seven of whom are yet alive. They are William M., of Abilene, Kas.; James H., of Morgan county, Ill.; Mrs. Elizabeth Dickerson, of Salem, Ore.; Mrs. Sarah Mitchell, of Waverly, Ill.; Louis B., of Abilene, Kas.; Mrs. Eliza McKinney, of Lynnville, Ill., and John B., of La Harpe, Ill.

Clinton Campbell was educated in the country schools, and studied the higher branches at home. He taught school very successfully for two years and early in the 60s went to California, remaining on the coast for about seven years. He was engaged there in teaching at St. Helena and Calistoga, and it was there that he married his first wife, Francis Louise Kellogg, who died within less than two years. Mr. Campbell then returned to this state, and was married in the fall of 1868 to Mary Anne Eyre. To this union were born the following children: George E., Frank L., John S., Annie L., Ella W., Allen B., all of whom survive except Frank L., and reside in La Harpe and vicinity, excepting Anna, now Mrs. Hieronymus, of Eureka, Ill., and Ella, now Mrs. Tilden, Quinn, of Rushville, Ill.

MRS. EDNA CHAFFEE NOBLE.

Those who enjoy fine elocution will have a chance to hear Mrs. Noble in a Drowning recital at Mrs. W. H. H. King's residence, 812 West State street Friday at 3:30 p. m. and at the Woman's college Saturday at 8 p. m.

The Commercial Advertiser, Canton, N. Y., says: "The first entertainment of the People's course was given at the town hall on Tuesday evening, when Mrs. Edna Chaffee Noble appeared in one of her inimitable readings. It was one of the most charming entertainments ever given in Canton."

"Mrs. Noble is a woman of queenly figure and handsome, expressive face. Her voice is pleasing, of good power, and capable of indefinite modulations and her accents and intonations are the perfection of art. With all the rest she is a woman of superior intellect, of the highest culture, and of very graceful manners. She wins her audience at her first appearance, and holds it in sympathy throughout all her delineations. She is equally happy in comic drollery, sparkling with wit, or touching pathos, and adapts her voice and facial expression to either with marvelous effect. She was frequently applauded in the heartiest manner."

CHICKEN BAKE.

The chicken bake given at the Christian church by the members of the Aid society No. 3 and the Men's Social league was a perfect success in every particular. About 300 persons enjoyed the excellent menu, and there was enough for all and perfect service. The occasion was one of the most pleasant of its kind ever given at the Christian church.

The young ladies of the Illinois Telephone exchange numbering sixteen, enjoyed the supper through the courtesy of Manager Holliday and formed a merry party.

PURCHASED FINE TEAM.

W. C. Johnson, of Denver, Colo., who is spending a few days in the city looking after business interests, Thursday purchased a fine driving team of Woods & Young. The horses in question are two bays that weigh 1200 pounds each and in height they will not vary an eighth of an inch. He will charter a car and send a man with them to Denver the first of next week.

At the elocutionary entertainment of Mrs. Edna Chaffee Noble at the Woman's college Saturday evening at 8 the program will be varied with numbers kindly furnished by Mrs. Stead and Miss Boyden.

THE DAILY JOURNAL, 100 A WEEK

TRIFLES

Cheer up! It is not always March. Upon advice of counsel we refuse to talk about the cold wave.

The English sparrow cannot sing, but it never quits trying on account of the weather.

But after all there was little reason for expecting anything better from March. No matter what the weather may be it can be taken for granted that the Easter bonnet is ripening.

If the weather will do just the right thing this month, even the March hare may have a few ligh intervals.

The increasing popularity of the pure food movement makes it look mighty bad for those left over cold storage eggs.

Dr. Wiley says cranberries have a tendency to shorten life, but he has so far refrained from attacking the turkey.

At the first sign of dullness in China the correspondents sit down and report the rumored assassination of the dowager empress.

Oh, well, never mind! If there is no coal strike to put the prices up, maybe the split among the operators will serve the purpose.

It is to be hoped that those spelling reformers will try to come out of the particular spell which they seem to be in, as soon as possible.

It is now easy to understand why the empress dowager of China is such a difficult proposition for the powers to handle. She was once a cook.

The young king of Spain looks like a lad who wishes that he might have a few weeks off occasionally, during which time he would not have to be king.

It is getting so near the time to get out and make that garden in the back yard that one begins to feel some doubts as to the advisability of it, after all.

But even before you write for them you might as well realize that it is not at all likely that you can grow them so that they will look like the seed catalogue pictures.

The Pittsburgh Gazette is authority for the statement that five English tourists who wanted to see a "real live buffalo" stopped off at the city of that name the other day and asked to be directed to the reservation.

A Wisconsin bigamist urges as his defense that he wedded No. 2 while suffering from aphasia, forgetting that he was already married. Aphasia is no good as anything. Wonder why no bigamist never thought of that before.

Strange, too, that nobody has thought of looking for Mr. Rockefeller in the sanatorium of some member of the American Press Humorists' association. You know how it is about birds of a feather.

Willie doesn't stop to think. Eats a lot of colored candy. Blue and yellow, green and pink. But the undertaker's handy.

—Bloomington Pantagraph.

HORSE AND MULE SALE.

The horse and mule sale of J. W. Arnold at Arnold Thursday attracted a large number of buyers from all points in the county as well as from other counties in the state. Everything brought good prices and bidding was spirited. Horses sold from \$75 to \$235, while the highest priced team sold was one, 3-year-old, unbroken for \$365. Mules sold well, one span selling for \$415, while the highest single mule sold for \$207.50. A few cattle were also sold, the yearlings bringing about \$27 each. Jerry Cox & Son were the auctioneers, and M. J. Clerihau, clerk.

LIVING TOO HASTILY

Irregularities and Female Derangement Result. Cured by Lydia E. Pinkham's Vegetable Compound.

Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each day, it is said that there is not

one woman in twenty-five but that suffers from some derangement of the female organism, and this is the secret of so many unhappy homes.

No woman can be amiable, light-hearted and happy, a joy to her husband and children, and perform the duties incumbent upon her, when she is suffering with backache, headache, nervousness, sleeplessness, bearing-down pains, displacements, spinal weakness or diseased organs.

Irritability and snappy retorts take the place of pleasantness, and all sunshine is driven out of the home, and lives are wrecked by woman's great enemy—female trouble.

Read this letter:

Dear Mrs. Pinkham:— I was troubled for eight years with irregularities which broke down my health and brought on extreme nervousness and despondency. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. Day by day I improved in health while taking it until I was entirely cured. I can attend to my social and household duties and thoroughly enjoy life once more, as Lydia E. Pinkham's Vegetable Compound has made me a well woman, without an ache or a pain.

—Mrs. Chester Curry, 42 Saratoga Street, East Boston, Mass.

At the first indication of ill health, painful or irregular periods, pain in the side, headache, backache, bearing-down pains, nervousness or "the blues," secure at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

MATRIMONIAL

ROLLINS-WATTS.

Jerry E. Rollins, of this city, and Miss Alice M. Watts, of Pittsfield, were married Thursday evening at 8:30 o'clock by Rev. J. W. Muse at his residence on South Diamond street. Only the immediate relatives of the contracting parties witnessed the ceremony.

Mr. and Mrs. Rollins will go to housekeeping at once on South Church street.

FEDERATION MEETING.

Mrs. T. W. McNeilly, of Petersburg, president of the 20th district of the Illinois Federation of Women's clubs, was in the city Thursday to meet the local Woman's clubs in conference regarding the meeting of the 20th district to be held in this city May 10th and 11th. The conference was held at Academy hall, and a delightful interchange of views was enjoyed.

M. JENSON

THE OWNER OF THE ABOVE FINE NEW apartment building desires to trade it for a farm in this state. There is no safer or more profitable investment than improved real estate in a rapidly growing city like Chicago. This building is located in the best residence district near Lake Michigan, the famous Lake Shore Drive and rapid transit. It will pay a handsome profit on the valuation. This is an excellent opportunity to exchange a farm for a better paying investment that requires less work and anxiety. Address H. W. DUNCANSON & CO., 108 Dearborn St., Chicago, Ill.

JACKSONVILLE W. C. T. U.

There will be a called meeting of the Jacksonville W. C. T. U. in their hall in the Lindsay building Saturday afternoon at 2 o'clock, for the purpose of making the small white bows desired by Dr. Culpepper for his temperance meeting Sunday afternoon. Other W. C. T. U.'s of the city are invited to be present and participate.

Mrs. S. J. Cocking, Pres.
Mattie Tapp, Sec.

CONSENTS TO ACT.
Minneapolis, Minn., March 3.—Governor Johnson, as a member of the Lawson insurance commission, has consented to act with the Stuyvesant Fish committee in the reorganization of the New York Life and Mutual Life insurance companies.

City and County

P. H. Walton left last night to take charge of his new shop in Louisiana Mo.

"The Little Gray Lady" at the Grand tomorrow night. This is the same company that opens at the Strudelbaker in Chicago on next Monday night.

FOR FRESH SWEET PEA SEED COME TO HEINL & SONS.
The Woman's Relief Corps will hold their regular meeting this afternoon at 2:30 o'clock at the new hall on West Morgan street.

For 25c each the students of the colleges and the pupils of the public schools will have a chance to hear Mrs. Edna Chaffee Noble, the talented elocutionist, at the Woman's college at 10 Saturday morning.

Miss S. M. Smith, the west side auiliner, will leave for Chicago Sunday night.

Mrs. William Eck has been removed from Our Savior's hospital to her home on South Clay avenue.

If you are looking for a good Morgan county face see F. L. Hair in the adv. on page 6.

Miss Maxine Reidy, one of Miss Smith's trimmers, is in Chicago for the spring styles.

"The Little Gray Lady" at the Grand tomorrow night. This is the same company that opens at the Strudelbaker in Chicago on next Monday night.

The annual meeting of the Forum Literary society will be held at the high school to night at 7:30.

Miss Lottie Shrewsbury and Mrs. O. C. Phinney, of Taylorville, a guest of Mrs. Shrewsbury, left yesterday for a visit with friends in Arzaville, and will probably proceed to Bensenville before their return.

"The Little Gray Lady" at the Grand tomorrow night. This is the same company that opens at the Strudelbaker in Chicago on next Monday night.

An opportunity for the students of the colleges and public school pupils to hear Mrs. Edna Chaffee Noble, the noted elocutionist, will be afforded Saturday morning at 10 o'clock at the Woman's college. Admission will be only 25c to students and pupils.

REMEMBER NOW IS THE TIME TO PUT IN SWEET PEA SEED. HEINL & SONS.

Mrs. F. L. Stead and Miss Josephine Borden will assist in the program to be given by Mrs. Edna Chaffee Noble this afternoon at the home of Mrs. W. H. H. King, benefit Passavant hospital.

SPOKE BEFORE L'UNION.

The Typographical Journal of recent date gives account of a smoker given by the Doctrin union No. 215, at which time a number of toasts were given. The magazine says: "One of the chief items of interest from a union standpoint was the short address by a well known evangelist, Rev. Burke Culpepper. This gentleman spoke in no uncertain tones in regard to our eight hour contest, saying he was with us tooth and toenail, and hoped we would obtain everything we went after. He stated he was glad to see that our members thought enough of ourselves to demand a reasonable work day and fair pay. 'If you men did not have gumption enough to demand from a corporation fair treatment, you would deserve nothing at their hands. If you would allow it they would grind you into the dust.'"

The magazine further says: "These expressions coming from a member of the clergy are of double interest to our members. Perhaps if a few thousand more would get into line there will be a great many more union churchgoers."

The Chicago & Alton will sell round trip tickets, Jacksonville to Los Angeles for \$57.55, also via Portland for \$70.05 April 25 to May 5. Final limit July 31. For further particulars call on or address H. E. Paul.

DEATH RECORD

DANIELSON.

Mrs. Julia Danielson died Wednesday evening at 9:45 o'clock, at the home of her daughter, Mrs. E. W. Bassett, at 203 Pine street, at the age of 70 years. Death resulted from pneumonia.

Mrs. Danielson leaves three daughters, Mrs. E. W. Bassett, of this city; Mrs. Albert Burrell, of Dundas, Ky.; and Mrs. J. L. Tindale, of New York. The funeral will be held at the residence of Mr. Bassett this afternoon at 2 o'clock. Interment will be in Diamond Grove cemetery.

PASSAVANT.

Word has been received of the recent death at Pittsburg of Mrs. Passavant, widow of the venerable founder of the Passavant hospital of this city. She was a lady of lovely attributes and highly accomplished. The family she reared, one of whom succeeded his father in the great work still called to a higher reward, all showed what sort of a person she was. She was always ready to assist her devoted husband in every good word and work and was with him when he first arrived in this city to begin operations in founding and establishing the institution which has done so much for the city and vicinity. She leaves a record of rare sweetness of character and lovable qualities combined with fine executive ability and affectionate disposition.

The new style ladies' and children's caps now on sale at Herman's. See them.

CASE CONTINUED.

A curious throng stood around "Squire Reid's" doorway yesterday afternoon at the hour for the trial of Belle Bishop but were doomed to disappointment as the affair was continued till next Tuesday at 2 p. m.

The students in the colleges of Jacksonville and the pupils of the public schools are afforded the privilege of enjoying the rare entertainment of Mrs. Noble's readings at the Woman's college at 10 Saturday morning. Admission to them, only 25c.

THE BIRTH RECORD.

Born Thursday to Mr. and Mrs. Elmer Wells of Tendick street, a son.

FOR OLD PEOPLE

Lee P. Alcott Has a Guaranteed Strength Creator.

Mr. Lee P. Alcott, our well known druggist, says: "Hundreds of old people right here in Jacksonville need just such a strength-maker and body-builder as our delicious cod liver oil preparation, Vinol, and we simply cannot understand why they will continue to drag out a half dead and half alive existence, when we guarantee Vinol will strengthen and invigorate every organ in the body, stop the natural decline and make them well, strong and active."

This is because Vinol contains in a highly concentrated form all of the strength-creating and body-building elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of the system-clogging oil to upset the stomach and retard its work.

Vinol creates renewed vitality in the most natural manner, making rich, red blood and building up and strengthening every organ in the body to do its work as nature intended. Many old people have written that they would not take \$1,000 for the good Vinol has done them.

In the strongest manner we endorse and guarantee Vinol to increase the appetite, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, make the weak strong, or return to the purchaser every dollar paid for it." Lee P. Alcott, Druggist.

ILLINOIS NEWS ITEMS

Changes in Management of the Springfield News—Virden Base Ball Club Organized—Bankers Committee Named.

DECEASED APPOINTMENTS.

Springfield Governor Denen announced Wednesday the appointment of T. J. Clark of Quincy to succeed himself as commissioner of the southern Illinois penitentiary at Chertney.

John Fitz Simmons and Mrs. Evelyn Marvin Atchley both of Chicago, were appointed deputy factory inspectors.

Andrew Frederick of Elgin, who was endorsed by the Illinois State Teachers' association for the position of assistant pure food commissioner, accepted R. M. Patterson of Chicago, has declined the appointment.

NEWSPAPER CHANGES.

Springfield Several important changes in the management of the Evening News are reported in contemplation of a general overhauling of the local newspaper departments is looked for. J. M. Conn Davis, whose name appears in the paper as president, editor and general manager, is to be relieved of the duties of the business management and the position of business manager is to be created.

It is understood that Ed Frank of London, the reputed owner of the paper, has engaged Frank Jones, formerly circulation manager of the Decatur Review, for the position of business manager. The position of telegraph editor will be held by Ed and Frank Dunn, who is now considered the service, will be brought back to fill the dual position of telegraph operator and telegraph editor. These are the most important changes current, but others are anticipated.

TWO CENT TARIFF DISCUSSED.

Chicago There is considerable speculation in railroad circles as to whether the bill that has been put in force in Ohio, a lowering of passenger fares to 2 cents a mile has just been held at Chicago, on which occasion the unanimous decision was reached to put the two-cent tariff in effect. It was decided at the same time to reduce all transportation within the state of Ohio to a two-cent basis and to retain the 100-mile mileage book. The effect of the determination of the Ohio companies to reduce all fares to a two-cent basis will be to abolish excursion and excursion rates, which from time have been as low as one cent a mile. This action means also the abolition of all charters and rates and of excursion rates permits for lines within the state of Ohio.

It is suggested in local railroad circles that the adoption of such a policy in Illinois would not be surprising. Whether such a course will ever be decided upon, they say, is wholly problematical and they are ignorant of any move in that direction within this state. They declare that it is at least a possibility. In case this plan should be carried with favor to Illinois, it is considered likely that it would also be in Indiana. The railroad interests of the two states, it is pointed out, are much the same and whatever should be determined upon by the passenger officials of one state probably would have a great influence upon the officials of the other.

VIRIDEN BASE BALL CLUB.

Virden The Virden base ball club met and organized the following team for the coming season: Edly Iphig, William Conlin, Paddy Quinn, Henry Spindler, Clinton Richards, Harry Adams, John Jenkins, Joseph Cain, Joseph Wilson, William Linn, John Hunter and John Shaw. Paddy Quinn, mine manager at the Royal Collier Coal company, will manage the team this year. He is an old ball player and successfully managed for several years the famous Collierville team. Virden believes they have a stronger team than ever for this season.

NAMED COMMITTEE.

Moorestown—John L. Hamilton of this city, president of the American Bankers' association, Wednesday announced the appointment of the committee on uniform negotiable instruments, one of the most important committees of the association. The committee is composed as follows: Edward L. Key, cashier of the Farmers' National bank of Springfield, Ill., chairman; Homer A. Miller, cashier of the Des Moines Savings bank; Des Moines, Iowa; and George F. Orde, cashier of the First National bank of Minneapolis, Minn., and formerly cashier of the Northern Trust company of Chicago.

"LE TABAC EST L'AMI DE L'HOMME"

French Proverb That Proves Itself True in Jacksonville.

There is a French proverb, "Le Tabac est l'ami de l'homme," that is more true than the average. Man is the only being that smokes. Monkeys have imitated man in all other ways, even acquiring a fondness for liquors, but they never could be taught smoking. Smoking is a distinctly masculine pleasure, and when man has a good cigar like Wadsworth's Bros' Chicos in his mouth, he is care free and ready for any trouble. Armstrongs, the local agents for Chicos, say that many of their lawyer customers will not take a difficult case until they have a box of Chicos at hand. From pure enjoyment any lover of a good cigar can be no more perfectly satisfied than with a Wadsworth Bros' Chicos.

Go to Armstrongs' to day and select one of these clean Havana filled cigars. The price, 3c straight, will not frighten you.

THE MARKETS

Chicago, March 8.—The Liverpool market opened with wheat 3d lower and corn 1d lower, closing the same. Chicago receipts to day: Wheat 34,000 bu., contract 3; oats 100 cars, contract 21. Northwest receipts to day were 80 cars, compared with 250 the same day last year. The market was unchanged in any important features. The shorts covered very freely during the forenoon and many sales were made. Outside markets were relatively strong. Winter wheat crop conditions are favorable. A few sales were reported of Manitoba wheat for shipment at the opening of navigation in the Great Lakes. A large quantity was transacted on the break. Hard winter wheat is from 1c to 2c a bu. out of line.

Corn—The corn market was firm during the forenoon, but during the afternoon and evening it was unchanged. Packers led in the buying, and the market was quiet. The offerings were from profit-taking longs. English houses sold hard and ribs. The market was quiet. The long situation was less bullish. They closed active at the early decline, with the top at 15.00. Estimated receipts of hogs for to-morrow, 25,000.

Cattle—The cattle market was steady at a good eastern demand. The market was quiet. The offerings were from profit-taking longs. English houses sold hard and ribs. The market was quiet. The long situation was less bullish. They closed active at the early decline, with the top at 15.00. Estimated receipts of hogs for to-morrow, 25,000.

Sheep—Receipts, 1,200. The best demand was for sheep, which were generally steady but showed some strength in spots. Good sheep were scarce and snapped up quickly. Lambs were steady on the best quality but showed some strength in spots. Good sheep were scarce and snapped up quickly. Lambs were steady on the best quality but showed some strength in spots.

ST. LOUIS LIVESTOCK MARKET.
St. Louis, March 8.—Cattle—Receipts, 2,000. The market was strong. Beef steers, \$4.00 to \$4.25; cows and heifers, \$3.00 to \$3.25; calves and yearlings, \$2.00 to \$2.25. Hogs—Receipts, 5,000. The market was strong. Heavy hogs, \$6.00 to \$6.25; light hogs, \$5.00 to \$5.25. Sheep—Receipts, 1,000. The market was strong. Heavy sheep, \$4.00 to \$4.25; light sheep, \$3.00 to \$3.25.

LIVERPOOL MARKET.
Liverpool, March 8.—Wheat—Spot nominal. Corn—Spot steady. American mixed new at 4s 1/2; old at 4s 7/8.

NEW YORK MARKET.
New York, March 8.—Wheat—Receipts, 45,000 bu.; exports, 45,000. Spot steady; No. 2 red, 90c; No. 2 hard, 88c; No. 2 soft, 86c. Options closed 1/2c lower to 1/4c not higher. May 8 1/4c.

Corn—Receipts, 8,000 bu.; exports, 18,000. Spot steady; No. 2, 60c; elevator and 58c; No. 2 white, 48c. Options closed 1/4c not advanced. May 58c.

Oats—Receipts, 3,000 bu.; exports, 11,000. Spot steady; mixed, 37c; white, 35c; No. 2 white, 37c.

FINANCIAL MARKET.
New York, March 8.—Confidence in values gathered force in the stock market to day by reason of the complete absence of anything to pressure to liquidate. The market, after wavering uncertainly during the early part of the day with some evidence of weakness, closed in a strong, turned strong and moved comprehensively upward. Closing quotations:

Exchange was weak, but closed steady. Demand at 185.47; 185.45; sixty days at 182.10; 182.15.

Bar silver at 60.

CONCORD.

Judge Roberts of Virginia was in Concord Saturday.
Rev. Mr. Brown, pastor of the M. P. Church at Bluffs, was here Tuesday in the interest of a light he was desirous of introducing.
Col. John Robertson, cashier of the Jacksonville National bank, was here Friday.
William Cooper was an Ardenville visitor Monday between trains.
Miss Minnie Wade who has been staying with the family of Cass Blending returned to her home in Ardenville Monday.
Mrs. Blue Violet and sister of Jacksonville were through here Saturday en route home with their mother who was ill.
James Wilson from near Winchester was through Concord Monday.
Miss Ethel Brainer formerly of Chapin has come to Concord to reside with her aunt Mrs. John Whorton.
Ed. Willard of Centerville came home Saturday afternoon. He expects to move his family there about the middle of the month.
C. V. Vacht, attorney of Jacksonville, passed through Concord Friday.
D. E. Herald and brother, editors of the Chapin Herald were here Sunday.
Quite a number from here went to Jacksonville on the train Saturday. Among them were Misses Anna Cooper, Clara Derriek, Lena Erickson, Elizabeth Higgins, Edna Pilsen, Mesdames Ida Higgins, John Erickson, Mrs. J. W. Erickson, Daniel Derriek, Sam Newton and James Gaddis.
Flored Violet of Jacksonville passed through Concord Monday.
The meetings at the M. P. church closed Sunday at 11 a. m. There were several religious services and a number of the church at that time. Miss Marian the evangelist intends to attend the Chippewa April school before going to Lincoln, Ky., to hold a meeting there. She certainly is a very conscientious, zealous worker. Her Master's vineyard is in the heart of the community. The Rev. Mr. Vacht, father of Mrs. Lee Wilson, and the relatives gave him a dinner on that occasion. This gentleman who has been an eye-witness to many of the most important changes made in this community, has been quite poorly a great deal of the time lately, but all unite in hoping he may be spared still to show by precept and example as he has done his love for the Master he so faithfully serves. Miss Olive Wade of Ardenville and Abner McDaniel of Chapin were quietly married by Rev. T. A. Adams at the M. P. church Wednesday afternoon.
Mrs. Pringle Gaudin, grandmother of Mrs. Perry Moss, is quite poorly.
The funeral of the late Douglas Taylor, who died at 11 a. m. Saturday about 10 a. m. of pneumonia, was conducted by Elder Joseph Camp of Higdon, from the home at 11 a. m. Saturday. Interment in Concord cemetery. The bearers were John and Robert Hattif August Brookhouse, Mr. Zahn and Mr. Bartelme. Mrs. Baylis is the daughter of Mr. and Mrs. Louis Veck of Beards-town, sister of Gley Veck of this neighborhood. The sympathy of the entire community is extended to the family and friends in this sad bereavement.
Mr. and Mrs. Parks, nee Miss Mary Williamson, of Greenfield, were here Monday night to checkmate to conduct a specialist about Mrs. Parks' health and visit relatives there.
W. B. Rogers of Waverly, candidate for the nomination for successor and treasurer subject to the Democratic primary, was here on business interests Monday.
Mrs. Annie Perry, who had spent most of the winter near Littlefield returned to her home in Winchester Wednesday.
Rev. J. L. McKee returned Friday night from Texas county, Mo., where he had been conducting a revival meeting. He was gone a little over three weeks and reports 210 conversions and 119 accessions to the church where the services were held.
W. D. Decker of Springfield, salesman for a tobacco company, was here in interest of same Monday.

We will move on March 1st to the building formerly occupied by Watson Leck on East State Street.

BEGIN TO USE OUR SHOES

It almost seems incredible the advances that have been made in the art of shoe making, from the primitive sandals to this season's latest models. When we stop to consider that so much depends on our feet and that two-thirds of our life is spent in our shoes, is it not important that we give them some consideration.

Hopper's pay particular attention to this very important consideration, every shoe has embodied in it some particular feature for comfort, they are selected for the particular needs of this community, they have merit, they are only from the most reliable houses. We make a particular study of your feet and make constant endeavors to satisfy your footwear wants to your entire satisfaction.

Trade where there is quantity, quality and price. That's Hopper's.

Children's Foot-Form Shaped Shoes

Put children's feet in those foot-form shaped shoes, where they have room to breathe and grow and in later years they will not have the troubles of their feet. A new arrival, the best assortment we ever offered. Ask to see them, button and lace.

Washington, March 9.—For Illinois: Fair and somewhat colder Friday; Saturday fair.

In Society.

E. T. Ervin and son, Otis, were very pleasantly surprised Wednesday evening by about forty of their friends, the occasion being Mr. Ervin's birthday. They came in quite unexpectedly and proceeded to make themselves at home, after having been given a warm welcome by their hosts. The evening was spent in games and music, and a guessing contest was held in which George Clark won first prize and Mrs. Roy Solenberger won the booby prize. Excellent refreshments were served. The party was planned by Mrs. Ervin and son, Louis.

Thursday was the birthday anniversary of Mrs. S. O. Shuff, and the occasion was observed by a gathering of friends and relatives to the number of about twenty at the Shuff home during the day. A delightful dinner was served, and a day of unusually pleasant social intercourse was enjoyed by all who participated in this event.

This afternoon at 3:30 at the residence of Mrs. Dr. King, 812 West State street, Mrs. Edna Chaffee Noble, a gifted elocutionist, will give a Browning reading and Saturday evening at the Woman's college will offer a varied program. Benefit of Passavant hospital.

LICENSED TO MARRY.

Jerry E. Rollins, Jacksonville; Alice M. Watts, Pittsfield.

ZUEBLIN ON

"FELLOWSHIP"

Urges Citizens to Meet on Closer Level—Exclusive Clubs and Cliques Denounced.

"Fellowship" was the central thought of the lecture of Prof. Charles Zueblin Thursday evening, when he spoke of "The Life of the Citizen." The speaker was introduced by Rev. F. S. Hayden, who announced that the next and last lecture will be given on April 5, instead of on March 22, the regular date.

Mr. Zueblin prefaced his remarks with a few words to citizens in general, in which he charged the man who puts "party loyalty" above principle, or allows the intercession of a friend to influence his vote, as being as guilty of bribery as the man who sells his vote for a dollar.

A few thoughts from the extremely suggestive address are as follows:

"Citizenship may be expressed in terms of life value. It is the tendency at the present time to despise common life, and everybody desires to become identified with some sect or clique, some club or exclusive circle. This is in itself a sign of inferiority. Instead of widening it restricts a man's horizon. A so-called 'man of the world' does not know life. Abraham Lincoln understood it, and shared common life, upon which all life of any human worth is based.

"The great modern urban community makes possible a great enrichment of the common life but incidentally it brings temporary confusion to both domestic and public standards. There are negative results of mere or less weight, such as the secrecy in congestion which works against

participation in the common life; industrial dependence, which enslaves men, women and children; the sharply drawn social contrasts, which are aggravated by the modern newspapers whose flouting of these great contrasts between wealth and poverty in the faces of the people must inevitably bring on a great revolution; immorality, for which there is a great or chance; and intemperance, which is evidenced in many things.

"The positive results are industrial organization, which is the most helpful feature of the present political situation; the possibility of social selection from the enlarged horizon offered by city life; public education, which can be and is, brought to a high standard in a populous community; enlightened philanthropy which has resulted from prolonged experiments made possible by the existence of congested districts; and the alteration of civic ideals.

"Public activity is more and more coming to satisfy communal wants. The different public enterprises for housing people in a sanitary and comfortable manner, baths and laundries, parks, playgrounds, libraries, school buildings and museums, theatres, concert halls and assembly halls, are all signs of the times."

The speaker digressed from time to time to give examples of the work now being done, especially in Chicago, and spoke particularly of the parks and play grounds of that city. He closed with the following quotation from William Morris:

"Fellowship is life and lack of fellowship is death, fellowship is heaven and lack of fellowship is hell, and the deeds that we do on the earth, it is for fellowship's sake that we do them."

Spring and summer street hats, latest designs, now on sale at Herman's.

PROMINENT PHYSICIANS

WILL MAKE PUBLIC ADDRESSES

Under Auspices of Morgan County Medical Society—Library of Late Dr. David Prince Given to Organization by His Sons—Interesting Program.

Under the auspices of the Morgan County Medical society Dr. McCormick, of Bowling Green, Ky., head of the organization department of the National Medical association, will deliver an address in this city April 10th. His subject will be the "Relation of Medical Profession to the Public."

At the meeting of the society held at the public library Thursday evening it was voted to invite Dr. H. A. Mix, of Chicago, to deliver an address in the city at an early date upon the subject of "Tuberculosis." Dr. Mix is an eminent authority upon the subject and has made a great deal of original investigation along lines heretofore unexplored. His consideration of this vital subject will be the development of the disease from the standpoint of habitation, employment and occupation. The statistics he has gathered from research mostly gained from observations made in Chicago are new and valuable and it will be a rare treat for the public to hear such a distinguished authority. Both lectures will be free and a general invitation extended.

Dr. Carl E. Black, librarian of the society reported two new gifts to the library, one of 300 volumes from Dr. Pitner and one from Dr. Arthur and John Prince, of Springfield, who presented to the society the library of their father, the late Dr. David Prince. The books received through this latter donation number about 700 and many of them are of great value and very rare publications. Dr. David Prince was known as a pioneer surgeon in Illinois and for many years enjoyed the distinction of being recognized as the most prominent surgeon in the state outside of Chicago. The gift of his sons is greatly appreciated by the medical profession of Jacksonville and especially by a number of the physicians who were students under him. Such a donation is also of value to the community. Dr. David Prince gave the first book to start the library now the pride of the Morgan county association.

The meeting of the society Thursday night was of more than ordinary interest from several standpoints. Papers were read by Dr. J. C. McEnery upon "Has the Patient a Right to Demand an Operation"; by Dr. J. A. Ogram upon "Suicide," and by Dr. F. P. Norbury upon "Psychopathological Side of Suicide." The papers were all provocative of an animated discussion punctuated with numerous side remarks that gave the meeting a decidedly interesting tinge. There was a large attendance of members.
